VILLA SERENE

These modern homes personify elegance and clustered away from the main road, thereby offering ultimate serenity maintaining excellent connectivity with outside. Based on your family profile and needs, there are 6 variants of this dream home making this a nearly customized house. The terrace gardens at various levels multiplies the pleasure of living close to the nature.

SERENE

Variant 1A:

Total Saleable Area: 402 Sq. Yds.

This Villa has been planned for Mr. & Mrs. Shah who are looking for a house that offers bigger spaces within a relatively small construction area. They need a room for their aging parents on the ground floor, a room for their lovely daughters Rupal (8 years old) and Meghna (13 years old). Meghna is fond of gardening and she is longing to have her personal garden. Mrs. Shah's parents visit them often and she wants a guest room that is delightful and complete with an exclusive dressing area and lavish bathroom.

Variant 1C:

Total Saleable Area: 472 Sq. Yds.

This Villa has been designed for a couple Mr. & Mrs. Desai, in their middle ages and have made a good fortune in Ahmedabad through their hard work and persistence. Their elder son just got married and would like to have a spacious bed room with lot of wardrobe space, dressing area and a lavish bathroom with it. The younger son has just entered college and would love to have a great time with these parents before he goes abroad for his post graduation studies. The guest room at the ground floor would be convenient for the parents of the couple who visit them at times.
